
KINGMAN COUNTY PLAN FOR REOPENING

MAY 27, 2020

PURPOSE AND INTRODUCTION

Kansas's "Stay Home" order has been modified, and it is time for us to offer guidance for a safe, measured reopening of Kingman County. We must continue to make sure our healthcare resources are not overburdened. In order to do this, the Kingman County Health Department and County Emergency Manager present the phases Kingman County plans to use in navigating the next couple months to help save lives and reduce COVID-19 virus transmission.

To continue preventing the spread of COVID-19 in Kingman County, we also need to safely restart economic activity—we are facing a critical time and must be thoughtful and careful about reopening Kingman County. We certainly do not want to return to a "Stay Home" order—a safe, measured approach is essential in allowing Kingman County to accomplish this goal.

Everyone has a choice in following the guidelines put in place. We do encourage considering the needs of those who can't protect themselves during this pandemic. There is no crystal ball to see who has no apparent symptoms and those who will become seriously ill if infected by COVID-19 or any other infection, for that matter. Social distancing is the most viable weapon in reducing the impact COVID-19 has on the community.

GUIDING PRINCIPLES TO BE FOLLOWED THROUGH EACH PHASE

Social distancing measures will continue being followed:

- Stay 6 feet away from others;
- Interact only with people of the same household when possible;
- Limit non-essential travel if possible.
- Travel-related quarantines to high-transmission states are still in effect.

Other considerations include:

- Area (including surrounding county) indicators need to show decreasing or stable infection rates before we know our actions are successful.
- Sufficient testing needs to be available.
- Sufficient Personal Protective Equipment (PPE) needs to be available.
- Statewide hospitalization rates need to stabilize and decrease. Area hospitals need to have the capacity to treat an increased number of COVID-19 patients requiring hospitalization.
- Statewide COVID-19-related death rates need to stabilize and decrease.
- The public health system needs to be able to promptly identify and isolate infected individuals and identify and quarantine necessary contacts.
- Employees strongly recommend screen their workers for illness: An employee screening tool is included at the end of this plan-it's not a requirement to use it.

MORE GUIDING PRINCIPLES TO BE FOLLOWED THROUGH EACH PHASE

- Masks are *strongly encouraged* to be worn in all public places.
- Practice good hand hygiene by washing hands with soap and water or using hand sanitizer frequently.
- Avoid touching your face, mouth, nose, or eyes.
- Symptoms of COVID-19 include (but not limited to) *fever, cough, shortness of breath, sore throat, headache, chills, aches, fatigue, loss of smell or taste, nausea/vomiting, and diarrhea*.
- Any employee exhibiting illness symptoms are *strongly recommended* to be required to stay at home and asked to call their health care provider for further guidance.
- Businesses, organizations, or facilities may have stricter guidelines than what are presented.
- If businesses can't meet the guidelines or feel uncomfortable reopening during a phase, that is acceptable. As citizens, we all have the choice to make decisions benefitting the health of the community.
- Vulnerable/high-risk people as well as senior citizens are *strongly recommended* to stay home as much as possible. They need to stay in contact with their healthcare provider and not gather with others who aren't in the same household.
- People with ongoing health conditions need to contact their healthcare providers for guidance in managing chronic health conditions. Chronic health conditions like diabetes, high blood pressure, lung problems, and all the other health issues do not go away during a pandemic-they worsen when unchecked!

PLAN FOR REOPENING KINGMAN COUNTY

	Phase One: MAY 4, 2020	Phase 1.5: STARTING MAY 18, 2020	Phase Two-EARLIEST DATE POSSIBLE: May 22, 2020	Phase Three-EARLIEST DATE POSSIBLE: JUNE 10, 2020	PHASE OUT: EARLIEST DATE POSSIBLE: JUNE 22, 2020
MASS GATHERING LIMITATIONS	10 OR LESS	10 OR LESS	30 OR LESS	75 OR LESS	MAINTAIN SOCIAL DISTANCE WHERE APPLICABLE
ESSENTIAL BUSINESSES	<ul style="list-style-type: none"> Screening workers for any COVID-19 symptoms with a questionnaire at workplace entrance is needed. Masks are strongly encouraged to be worn. Maintain workspaces 6 feet apart. Fundamental cleaning and public health practices must be followed-industry-specific guidelines are provided on covid.ks.gov. Common areas like break rooms or lobbies where large groups can gather must be closed. Telecommuting/working at home should be maximized. Minimize/eliminate nonessential business travel. Follow KDHE travel and quarantine guidelines for travel to high-risk areas. 	<ul style="list-style-type: none"> Screening workers for any COVID-19 symptoms with a questionnaire at workplace entrance is needed. Masks are strongly encouraged to be worn. Maintain workspaces 6 feet apart. Fundamental cleaning and public health practices must be followed-industry-specific guidelines are provided on covid.ks.gov. Common areas like break rooms or lobbies where large groups can gather will continue to be closed. Telecommuting/working at home should be maximized. Minimize/eliminate nonessential business travel. Follow KDHE travel and quarantine guidelines for travel to high-risk areas. 	<ul style="list-style-type: none"> Screening workers for any COVID-19 symptoms with a questionnaire at workplace entrance is recommended. Masks are strongly encouraged to be worn. Maintain workspaces 6 feet apart. Fundamental cleaning and public health practices are strongly recommended to be followed-industry-specific guidelines are provided on covid.ks.gov. Lobby and common areas cannot accommodate mass gatherings in excess of 30 people. Telecommuting/working at home are strongly recommended to be maximized. Minimize/eliminate nonessential business travel. Follow KDHE travel and quarantine guidelines for travel to high-risk areas. 	<ul style="list-style-type: none"> Screening workers for any COVID-19 symptoms with a questionnaire at workplace entrance is recommended. Masks may be worn if needed. Maintain workspaces 6 feet apart. Fundamental cleaning and public health practices are strongly recommended to be followed-industry-specific guidelines are provided on covid.ks.gov. Common areas are already open, but actions practices are strongly recommended to be taken to ensure gatherings do not exceed 75 people. nonessential business travel is okay. Follow KDHE travel and quarantine guidelines for travel to high-risk areas. 	<ul style="list-style-type: none"> Once Kansas is in “Phase Out,” health metrics may lead KDHE to provide guidelines to navigate the current situation. The local health officer and board of health do have the option to set restrictions based on status of current local COVID-19 infection trends. Develop and implement policies in accordance to federal, state, and local regulations. Continue to implement strict hygiene and sanitizing policies. Consider reconfiguring your space to accommodate people to work 6 feet apart. Continue to encourage and support sick people or have been in contact with an ill person to stay home. Create plans and policies for future illness outbreaks.

PLAN TO REOPEN KINGMAN COUNTY

	Phase One	Phase 1.5	Phase Two	Phase Three	Phase Out
Restaurants and Bars	<ul style="list-style-type: none"> • <i>BARS AND NIGHTCLUBS WHERE THERE IS NO CURRENT FOODSERVICE MAY NOT OPEN DURING THIS PHASE.</i> • Restaurants or other dining established permitted to operate during this phase must maintain at least 6 feet between customers (individuals or groups). This requirement can be met by using physical barriers sufficient to prevent virus spread between seated customers or groups of seated customers. • Common areas/lobbies should be closed to avoid groups from congregating. • Screen employees for illness. • Masks are strongly encouraged. • Fundamental cleaning and public health practices must be followed-industry-specific guidelines are provided on covid.ks.gov. • Kingman County has decided not to allow operations of salad bars, buffets, or other food service using common utensils during Phase One, as the Federal Food and Drug Administration (FDA) and KDHE recommends prohibiting such practices due to social distancing difficulties. • Self-service beverages will also not be allowed during Phase One—all self-service restrictions that have been in place will continue in Phase One. 	<ul style="list-style-type: none"> • Bars and nightclubs that have no current foodservice will stay closed per Kansas guidelines. • Restaurants or other dining established permitted to operate during this phase must maintain at least 6 feet between customers (individuals or groups). This requirement can be met by using physical barriers sufficient to prevent virus spread between seated customers or groups of seated customers. • Common areas/lobbies should be closed to avoid groups from congregating. • Screen employees for illness. • Masks are strongly encouraged. • Fundamental cleaning and public health practices must be followed-industry-specific guidelines are provided on covid.ks.gov. • Kingman County will continue restrictions on buffets, salad bars, and self-service food and beverage that were in place in Phase One in Phase 1. 	<ul style="list-style-type: none"> • Bars and nightclubs are encouraged to stay closed during this time as recommended by the Ad Astra Plan. • Restaurants or other dining established permitted to operate during this phase practices are <i>strongly recommended</i> to maintain at least 6 feet between customers (individuals or groups). This requirement can be met by using physical barriers sufficient to prevent virus spread between seated customers or groups of seated customers. • Masks are strongly encouraged. • Screening employees for illness is recommended. • Fundamental cleaning and public health practices are <i>strongly recommended</i> to be followed-industry-specific guidelines are provided on covid.ks.gov. • Kingman County will lift formal restrictions but strongly discourage buffets, salad bars, and self-service food and beverage that were in place in Phase One in Phase 1.5. 	<ul style="list-style-type: none"> • All businesses can open if people can maintain at least 6 feet between customers (individuals or groups). Continue current spacing practices. • Fundamental cleaning and public health practices are <i>strongly recommended</i> to be followed-industry-specific guidelines are provided on covid.ks.gov. • Masks are still encouraged. • Recommendations continue to screen employees for illness. • Buffets, salad bars, and self-serve food and beverage may be open for business, employing fundamental cleaning practices-see covid.ks.gov. 	<ul style="list-style-type: none"> • Once Kansas is in “Phase Out,” health metrics may lead KDHE to provide guidelines to navigate the current situation. The local health officer and board of health do have the option to set restrictions based on status of current local COVID-19 infection trends. • Develop and implement policies in accordance to federal, state, and local regulations. • Continue to implement strict hygiene and sanitizing policies. • Consider reconfiguring your space to accommodate people to work 6 feet apart. • Continue to encourage and support sick people or have been in contact with an ill person to stay home. • Create plans and policies for future illness outbreaks.

REOPENING KINGMAN COUNTY

	Phase One	Phase 1.5	Phase Two	Phase Three	Phase Out
Retail Businesses	<ul style="list-style-type: none"> All businesses must be able to maintain at least 6 feet of distance between customers (individuals and family groups). Provide shopping cart sanitation supplies. Hand sanitizer should be provided throughout the store. Masks are strongly encouraged. Screen employees for illness. Consider a 1-way flow of movement through the store indicated by floor markings. Floor marks should also be indicated at the cash register to mark where to stand to check out in 6-foot increments. Fundamental cleaning and public health practices must be followed-industry-specific guidelines are provided on covid.ks.gov. Businesses must avoid instances in which groups of more than 10 individuals are in one location and are unable to consistently maintain 6 feet of distance with only infrequent or incidental moments of closer proximity. (This does not limit the total business occupancy, but it does require that businesses limit areas and situations in which consistent physical distancing cannot be maintained like tables, entrances, lobbies, break rooms, check-out areas.) No reusable bags to be used during Phase One. 	<ul style="list-style-type: none"> All businesses must be able to maintain at least 6 feet of distance between customers (individuals and family groups).
